Learn about a Career as a Forensic Toxicologist

Forensic toxicology applies the principles of analytical chemistry, pharmacology and toxicology to determine the presence of drugs in biological samples and interpret analytical findings within the context of a legal investigation. Applications of forensic toxicology include (but are not limited to):

Medicolegal Death Investigation

Workplace Drug Testing

Drug Facilitated Crimes

Driving Under the Influence of Alcohol or Drugs

Sports Doping

Student Enrichment Program (SEP)

Undergraduate and graduate students interested in forensic toxicology are invited to participate in a one-day educational outreach program as part of the 2017 Annual Society of Forensic Toxicologists (SOFT) Meeting. The SEP will take place on Monday, September 11th 2017 from 8am-5pm at Boca Raton Resort and Club in Boca Raton, Florida. Students will learn about various disciplines within forensic toxicology and what knowledge and skills are necessary for this exciting career path from practicing forensic toxicologists.

To sign up, please fill out an application. If more individuals sign up that can be accommodated, SEP participants will be selected on the basis of the application.

Application Process

Students interested in forensic toxicology should apply. The SEP, including continental breakfast and lunch, are provided to accepted applicants at no cost; however, students are responsible for their own transportation and lodging, if needed. Interested students should download an Application Form from the 2017 SOFT website <http://www.soft-tox.org> (under the Young Forensic Toxicologists link on the main menu).

The completed application, including a one-page interest statement, is due by 18 August 2017.

Applicants will be notified of acceptance by 25 August 2017.
